The annual Bike MS Central Ohio Challenge, which uses the municipal building, was initially scheduled for July 11 but has been cancelled.

None.

7. **VILLAGE ADMINISTRATOR'S REPORT**

A contractor has been lined up to do the traffic light project. Work is expected to begin in June or July.

Slemmons hasn't begun the tile project yet.

The new truck upfit should take place in July.

The sewer contract with North Lewisburg will require in-person meetings with Andy to complete. An issue that needs to be resolved is the measurement of flow through the lift station. The instrument currently being used may not be reading correctly.

8. **OLD BUSINESS**

Dixon inquired about the status of replacements for the missing corporation limit and speed limit signs. Ron will be asked to order 4 corporation limit signs from Kleem.

9. **NEW BUSINESS**

Current stated that several residents have asked if there's an ordinance regarding blocking stop signs. An example in town is a large motor home blocking the sign at the end of an alley. This possibly presents a danger to pedestrians crossing the end of the alley. Herron stated that the Village is not equipped to enforce traffic laws.

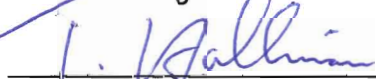

Current asked if there were new residents not familiar with restrictions on discharging firearms within the Village as someone recently was doing so most of the day. The Sheriff was unable to find anyone. Dixon stated that several residents have property extending outside the Village limits and that they sometimes shoot on that property.
